OVERVIEW OF BELIZE AND THE SUNDANCER II

WHERE IS BELIZE?

Belize, formerly known as British Honduras, is a stable democratic nation located on the Yucatan Peninsula approximately 250 miles south of Cancun. It borders Mexico to the North, Guatemala to the West and South and the beautiful Caribbean Sea to the East.

WHAT KIND OF DIVING IS FOUND AROUND BELIZE?

Three atolls are offshore beyond the barrier reef and are ideally suited for both the novice and the adventurous diver. The most famous of the atolls is Lighthouse Reef, which is the location of the Blue Hole and the magnificent nature reserve at Half Moon Caye. Turneffe Island, Lighthouse Reef and Glover's Reef boast much of the best diving in Belize. The atolls of Belize are truly paradise. You can expect visibility to reach 120 ft. or more. The walls and drop-offs are spectacular. The reef itself is virgin and pristine.

A typical one-week diving cruise aboard the Sun Dancer II will commence with an easy check out dive either at Turneffe Reef or Lighthouse Reef based on weather conditions. At Long Cay, the diving typically begins in a shallow plateau 5-10ft below the boat with shallow gardens of corals, then slopes to steep drop-offs speckled with vibrant sponges and other marine life. At Half Moon Cay the plateau begins at 30-40ft with beautiful coral ridges, sheer walls with swim throughs and abundant marine life.

The Blue Hole is an encounter with huge stalactites

formed thousands of years ago. Measuring about 1,000 feet in diameter and more than 400 feet deep, you can dive among the stalactites at a depth of 110 to 130 feet. This is a very memorable dive.

The most famous site on Turneffe Reef is located on the southern tip known as The Elbow. Because of the current, this multilevel wall drift dive attracts schools of game fish and an occasional hammerhead shark. Gorgonians, huge sponges and eccentric toad fish, in addition to the beautiful coral formations, are the main attractions at this site. Along the shallow side of a mid-reef at southern Turneffe is The Sayonara, a broken up shipwreck of a small island freighter. The Sayonara is an excellent site for seeing a variety of marine life, including the White Lined Toadfish found only in Belize.

The waters surrounding Belize feature extensive reefs teeming with large and small fish. Hawksbill turtles and Spotted Eagle Rays are regular sights and there are some of the most spectacular sponge formations found anywhere. Enormous schools of jacks are often sighted in the blue water, very large Black Groupers, Green Morays, Caribbean Octopus and Midnight Parrotfish are among the reef's inhabitants. A wide variety of marine life can be observed during the dives including rays, turtles, tarpon and the occasional wild dolphin.

IN WHAT TIME ZONE IS BELIZE LOCATED?

The time zone is GMT - 6 hours with no daylight savings time.

WHAT LANGUAGES ARE SPOKEN ON BOARD?

The Belizean people are a mixture of Indian, Spanish and Caribe and they speak a variety of different languages including English, Spanish and Creole although English is the official language. Our crew will converse in English with the guests.

WHAT CURRENCY IS USED?

The Belize Dollar is the local currency. It is advisable to exchange currency at banks, as the most favorable exchange rates may not be obtained elsewhere. Most banks are open Monday to Friday. It is recommended that you exchange enough for island tipping and small pocket change. Major credit cards are accepted by most restaurants, hotels, car rental companies and shops. Travelers checks are accepted everywhere.

WHAT WEATHER CONDITIONS CAN I EXPECT IN BELIZE

January-March Air temperatures are in the 74F to 80F range. Water temperature is 74F to 78F. Underwater visibility can be 120 ft. plus. This is considered the dry season. In January, the Groupers spawn on the Northeast side of Lighthouse Reef.

April-June Air temperatures are likely to range in the low

Dancer Fleet

to mid 80F. Water temperature is 78F to 82F. Some intermittent rain is possible, but unlikely and there is less humidity in the air. During March and April, Whale Sharks have been seen occasionally on the Barrier Reef.

July-September Temperatures range from 80F to 95F. Water temperature is 80F to 84F. Seas are usually calmest and visibility greatest during this time with good diving conditions. In August and September, Manta Rays sometimes present themselves.

October-December Air temperatures can be 75F to 80F. Water temperature is usually 80F to 82F and in late December it drops to 80F. A light wetsuit is necessary, though some people choose more thermal protection (a 3mm suit) to ensure continued core temperature warmth throughout their visit.

WHAT DOES MY SUN II DANCER PACKAGE INCLUDE?

Breakfast (cooked to order), buffet lunch and an elegant meal at dinner with table side service are served daily in addition to fresh mid-morning and mid-afternoon snacks. A BRIEF HISTORY OF BELIZE

Numerous ruins indicate that for hundreds of years Belize was heavily populated by the Maya Indians, whose relatively advanced civilization reached its height between A.D. 250 and 900. Eventually the civilization declined leaving behind small groups whose offspring still exist in Belize contributing positively to the culturally diverse population.

In 1502, Columbus sailed through parts of the Caribbean, but did not actually visit the area later known as British

Honduras. The first reference to European settlement in the colony was in 1638. These were later augmented by disbanded British soldiers and sailors after the capture of Jamaica from Spain in 1655. The settlement, whose main activity was logwood cutting, had a troubled history during the next 150 years. It was not until 1763 that Spain in the Treaty of Paris allowed the British settlers to engage in the logwood industry.

From an early date the settlers had governed themselves under a system of primitive democracy by Public Meeting. A set of regulations referred to as Burnaby's Code was effected in 1765 and this, with some modification, continued until 1840 when an Executive Council was created.

In 1853 the Public Meeting was replaced by a Legislative Assembly with the British Superintendent, an office created in 1786 at the settlers' request, as Chairman. When the settlement became a colony in 1871 the Superintendent was replaced by a Lieutenant Governor under the Governor of Jamaica. The Crown Colony System of Government was introduced in 1871 and the administrative connection with Jamaica was severed in 1884, when the title of Lieutenant Governor was changed and a Governor was appointed.

Further constitutional advances came in 1954 with the introduction of Universal Adult Suffrage and an elected majority in the Legislature, the Ministerial System was adopted in 1961 leading up to Self Government in 1964. The country's name was changed on 1st June, 1973, from British Honduras to Belize.

Independence was achieved on September 21, 1981 and a new constitution introduced. Belize was then admitted as a member of the United Nations, the Non-Aligned Movement and the Commonwealth of Nations.

Sun Dancer II usually leaves the dock at the Ft. George Radisson Resort Saturday between 5:00 pm and 6:00 pm, though times may vary due to flight schedules. Sometimes we are restricted from leaving port until Sunday morning due to tides, this may prevent us from offering five dives on that day.

HOW DO I GET FROM THE AIRPORT TO SUN DANCER II?

Round Trip airport transfers are included in the Sun Dancer II package when you arrive and depart on the charter dates. Should you arrive at any time other than Saturday, it is your responsibility to arrange transportation to the Sun Dancer II at your own expense.

Once you have claimed your luggage and cleared customs and immigrations, please look for an agent holding a Sun Dancer II sign or a sign with your name on it. A transfer company has been hired to meet and greet our Sun Dancer II guests and transport you to the vessel.

Please note: Our agent cannot enter Customs but will be just outside the doors. Baggage handlers may aggressively offer to help with your baggage those few feet for a mandated per bag fee.

HOW DO I GET FROM THE HOTEL TO SUN DANCER II IF I ARRIVE EARLY?

Guests that arrive a day or more early can make arrangements through LiveAboard Vacations to stay at the Radisson Ft. George Hotel.

Because the Sun Dancer II docks at the Radisson Ft. George a crew member or the bellman from the hotel will take your luggage to the boat. Please have your luggage ready with the bellman by 11am and it will be taken care

of. If you make your own alternate hotel arrangements, you are then responsible for transportation to the vessel. To board Sun Dancer II, you need to make your own way to the Radisson Ft. George dock at 3:45 pm for embarkation. Taxi service is readily available on the island to transport you between any hotel and the dock.

If you arrive early on the day of embarkation, you may relax at the Radisson Ft. George Hotel until embarkation. The hotel also offers complimentary luggage storage. If you want to relax by the pool, the crew will provide you with a Dancer Fleet dive band during your transfer to ensure you are not charged for using the facilities."

Our crew can arrange these and other land excursions to coordinate with your schedule. Your package includes the Captains Cocktail Party on Friday evening followed by dinner on your own in town. Our crew will happily assist you with reservations and recommendations. You will stay onboard Friday night.

Local tours are highly recommended and if not booked in advance, our crews can easily help arrange them for you. Final disembarkation will occur at 8 am on Saturday. Transfers are provided to the airport for guests departing this day.

For guests departing later in the day, you may relax at the Radisson Ft George Hotel until your scheduled airport departure. Guests wishing to use the pool facilities at the Radisson can use the Dancer Fleet dive band provided by the crew before you disembark. If you are departing in the afternoon, you may even have time to enjoy one of our shore excursions in the morning.

HOW DO I ARRANGE FOR PRE AND POST CHARTER HOTELS AND TRANSFERS?

LiveAboard Vacations, the Dancer Fleet's in-house travel agency has already done the legwork for you and created several packages that will fit most of your needs. Custom packages are also available. Please inquire with us if your schedule will permit.

DO I NEED TRIP INSURANCE?

We strongly recommend that each guest purchase comprehensive accident, medical, baggage and trip cancellation and interruption insurance when space is reserved. Trip insurance will protect you from financial disappointment if you are prevented from making your scheduled trip due to illness or family illness, or in the event that unforeseen circumstances prevent the airline or yacht from making its scheduled trip. In an event where it is necessary to cancel or interrupt a charter due to weather or any matter beyond the control of the Dancer Fleet, there will

Dancer Fleet

be no refund or credit issued. We also recommend diving accident insurance. Please inquire with our reservation office for assistance.

SUNDANCER II- THE ON-BOARD EXPERIENCE

IF I AM TRAVELING AS A SINGLE, WILL I HAVE A ROOMMATE?

All rates are quoted on a share basis; therefore, unless you require a guaranteed single room and pay an additional supplement, it is very likely that you will be sharing your stateroom with one other guest of the same gender.

WHAT TYPE OF FOOD IS PREPARED?

Meals prepared by our onboard chef consist of an international mix with a local flair. If you have any special dietary requirements, please advise our US office as soon as possible so we can adequately prepare to meet your needs. Certain special dietary and beverage requests may not be available on a consistent basis due to the remote nature of this location.

WHAT KINDS OF BEVERAGES ARE AVAILABLE?

The Dancer Fleet's selection includes fruit juices, soft drinks, plenty of iced water, tea and coffee and a limited selection of local beer and wine. Fresh milk may not be available, although UHT long life milk is provided onboard. We recommend that you purchase any special brands of alcoholic beverages that you may want to consume onboard the Dancer at the Duty Free Shop at any airport. We encourage you to consume lots of non-alcoholic liquids during the week to avoid dehydration. **REMEMBER: ALCOHOL AND DIVING DO NOT MIX.** For your safety, we recommend that the consumption of any alcoholic beverage be delayed until your dive day is complete.

WHAT ELECTRICAL CURRENT IS AVAILABLE?

The electrical current on the Sun Dancer II is 110 volts including cabin outlets (American standards).

HOW MUCH SHALL I PACK?

Please plan to travel light, as on all live-aboard dive yachts, space is limited. We recommend that you pack your gear in soft luggage such as duffel bags for easy stowage and to add to your comfort in your cabin, leave those large, rigid suitcases at home. Clothing should be lightweight, comfortable sportswear and bathing suits are a must. A light sweater or jacket is ideal for the evenings. Dress aboard is always casual. Light clothing that reflects the sun is best and a hat is recommended. Evening dress is informal. Additional items you may want to bring are sunscreen, sunglasses, walking shoes for your time on shore. Hairdryers are provided in each cabin. We recommend you pack your regulator, dive computer, mask, bathing suit and change of clothes and essential items in your carry-on bag. This will make it easier in the event

your luggage is delayed. Please check with your airline as to what weight restrictions will apply to your carry-on and checked luggage.

WILL THERE BE ANY OPPORTUNITIES TO GO ASHORE DURING THE CRUISE?

When the location is suitable, there is swimming, snorkeling and beach combing.

WHAT IF I AM PRONE TO SEA SICKNESS?

Currents and winds may cause moderate movement of the yacht at times. If you have a tendency toward seasickness we strongly urge you to bring some over-the-counter motion sickness medication or consult your doctor about prescription brands, such as the trans-dermal patch or Scopace tablets. Chewable ginger tablets or capsules of powdered ginger have also proved to be effective.

WHAT IF THERE IS AN EMERGENCY ONBOARD?

All Dancer crews are trained in first aid and diving accident management. Each yacht is equipped with a complete first aid kit and a high capacity oxygen system. Each yacht also has direct contact with the closest hyperbaric chamber. Since emergency transportation and treatment cost is the responsibility of each guest, we strongly recommend that you dive conservatively and obtain special insurance for divers from Divers Alert Network, Dive Assure or similarly ranked company.

HOW CAN MY FAMILY CONTACT ME IN THE EVENT OF AN EMERGENCY AT HOME?

Your family may contact you in the case of a medical emergency by calling our Miami office at 1-800-932-6237 or 305-669-9391 during business hours. If outside of our operating hours, you may call our emergency cell phone number, 305-778-8004. Please reserve calling this number for emergencies only.

TELECOMMUNICATIONS, MAIL AND E-MAIL

IS IT CUSTOMARY TO OFFER A GRATUITY TO THE CREW?

Aboard Dancer Fleet yachts, gratuities are not included. We prefer that our guests reward our crew based on performance. If the crew performs to your expectations, we suggest that a gratuity of approximately 10% of the published package price be considered normal aboard a live aboard dive yacht. Payment of gratuities is entirely at the discretion of the guest. Payment of gratuities can be by cash, traveler's checks, or credit card (Visa or MasterCard). The crew greatly appreciate cash as local banking fees and government taxes for traveler's checks and credit card processing reduce the amount of gratuity left on a credit card up to 35% in some destinations.

HOW CAN I PAY FOR MY EXPENSES AND PURCHASES ONBOARD?

Each Dancer yacht has a small, onboard "Boatique" which sells a selection of logo clothing, custom jewelry, sundries, diving accessories, batteries, logbooks, etc. A crew member will gladly assist you with your purchases at any time during the week. The US Dollar, local currency, traveler's checks or credit cards (Visa or MasterCard) are accepted onboard. Personal checks are not accepted. The country of Belize has a 12.5% GST tax. All invoices and payments generated while in country follow Belize accounting procedures which require the price shown on your invoice to be GST inclusive. Therefore, the price shown on that invoice will be higher than standardized fleet wide pricing quoted on the Dancer Fleet website which is the base rate before any local taxes.

HOW WILL WE DIVE FROM THE SUN DANCER II?

All dives will be made from the dive deck on the Sun Dancer II. Our experienced crew will happily provide assistance to divers with special needs. Our crew will hand down cameras and other peripheral equipment and to re-board the boat, guests may remove their gear in the water and hand it up to our staff and simply climb onboard by way of a ladder.

For your safety, it is recommended for each diver to carry an emergency SMB (safety sausage), Dive Alert or audible signaling device and mini-strobe light or night signaling device on all dives. If you do not bring any one of these devices with you they are available for rent on board, however, quantities may be limited. If you do not possess these items, please notify our office prior to departure.

ARE THERE ANY LIMITATIONS OR RESTRICTIONS ON THE DIVING?

All diving on board the Sun Dancer II should be within the limits and standards of the training agency who certified you. All dives should be planned no-decompression dives.

Solo diving and Rebreather diving is at the captains discretion at all times and requires separate waivers..
